

## Certificate of Conformity with RoHS Directive

This document is to certify the RoHS conformity of the parts supplied by Federal-Mogul SPG. The 6 substances listed in EU Directive 2002/95/EC (RoHS) are *(1) Lead and its compound, 2) Mercury and its compound, 3) Cadmium and its compound, 4) Hexavalent chromium compound, 5) PBB, 6) PBDE*). Based on the exemption under 2005/717/EC (Dt. 10/15/2005) all the parts supplied by Federal-Mogul SPG are RoHS compliant.

The directive is mainly focused on the responsibility of the Electrical and Electronic equipment manufacturers, which is independent from the responsibility of Federal-Mogul as a supplier of those manufacturers. Federal-Mogul will not assume the responsibility of the manufacturers or hold them harmless or will indemnify them from any infringement of binding law or from any damage to any third party caused by the products of the manufacturers. The directive does not provide a legal based for such requirements exceeding the bilateral contractual relationship between Federal-Mogul and its customers.
