This UL RoHS product participation marks represents producers' ongoing commitment to support the needs of restricted substance compliance. The marks specified in this program are not a warranty. Products listed in this database have been tested to meet the requirements of the program, and the producers have submitted to an ongoing surveillance process which includes both management systems and sample testing.

This Certificate of Participation indicates that the above listed company is a Participant in the Restricted Substances Compliance Solutions (RSCS) Program. That represents compliance of the specified product to have been found to comply with the requirements of UL's RSCS Program, and that such products are eligible to bear the UL RoHS Mark as of the above referenced date. Only those products bearing the UL RoHS Certification Mark and the company's name, Participation, trademark or other authorized identification should be considered as being covered by UL's RSCS Participation and Certification Service. For more information on UL's RSCS Program and RSCS certification go to www.ul.com. This Certificate of Participation does not indicate acceptance of products for Listing. Certification of Participation by Underwriters Laboratories Inc.
